PROPERTY DESCRIPTION

2100 West Cypress Creek Road is a two-story, suburban office building located in Broward County's premier suburban submarket of Cypress Creek. Built in 1969 and extensively renovated in 2005, the Property comprises 185,000 +/- square feet on 14.19 acres. The Property features hurricane impact windows, a flat gravel roof, two loading areas each with two dock-high loading doors and a closed loop HVAC system. It is also fully sprinklered and serviced by two back-up generators. The Property offers highly functional top-quality office spaces with best-in-class finishes and outstanding amenities, including an exercise room and gymnasium.

The Property's spacious floor plates provide flexibility for medium, large and corporate facility users. Its proximity to Interstate 95 and Florida's Turnpike offers convenient access for employees throughout the Miami-Fort-Lauderdale-West Palm Beach MSA. Further, companies seeking the convenience and allure of a South Florida location at a reasonable price point will continue to be attracted to this premier location well into the future.
